Welcome to your Insights!

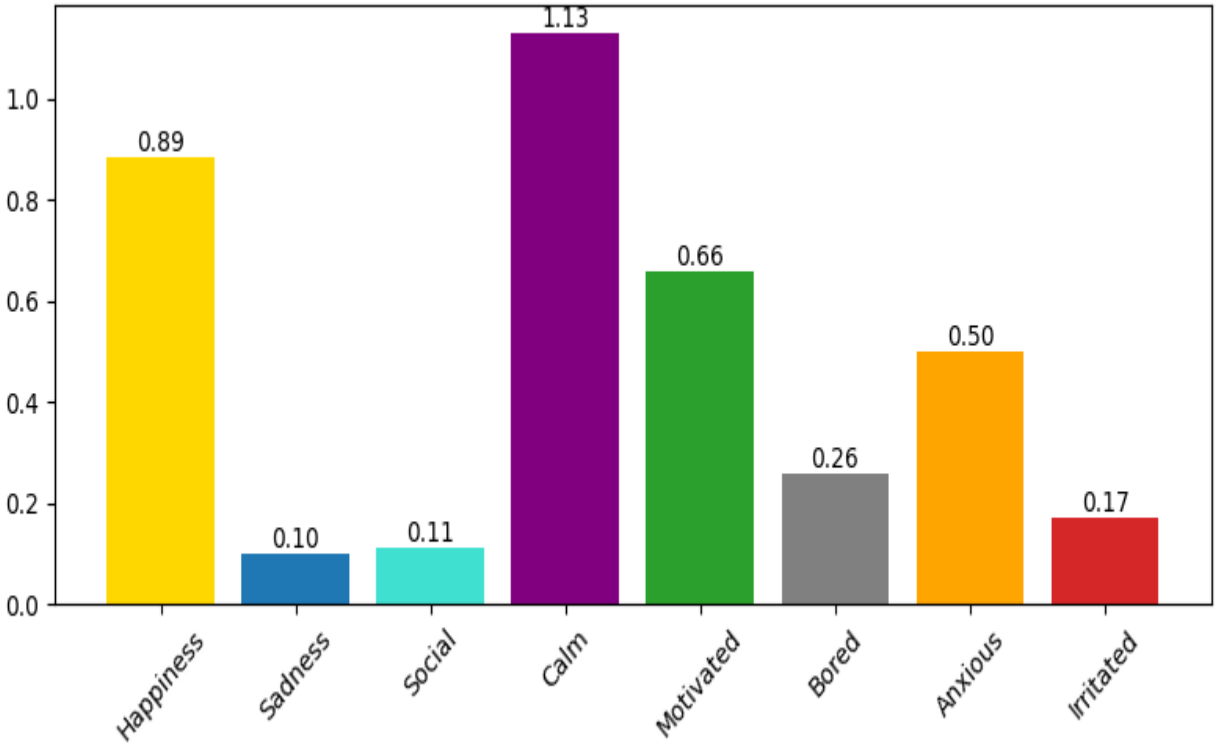

Below you will find insights and trends related to your behavior and reported emotions over the course of the study. Please review with your clinician in your next session.

The number at the top of each bar is the average score of an emotion you felt over the last two weeks, ranging from 0 (no emotion) to 3 (greatest amount)!

The taller the bar is, the more you felt that emotion over the last two weeks!

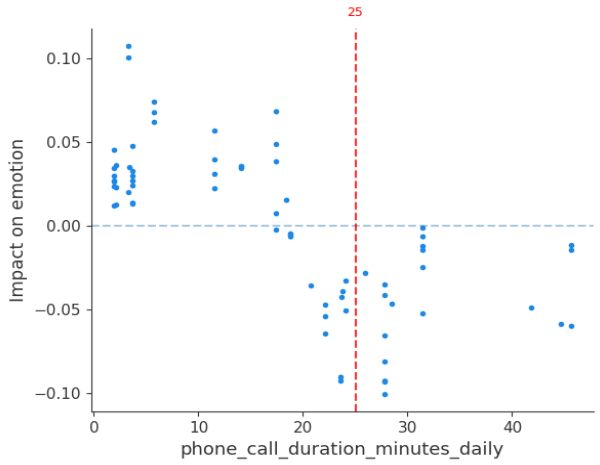

Psst: scroll down to see how your actions corresponded with your feelings!

Over the last few weeks...

Happiness

When you called for less than 25 minutes in a day, you were more happy.

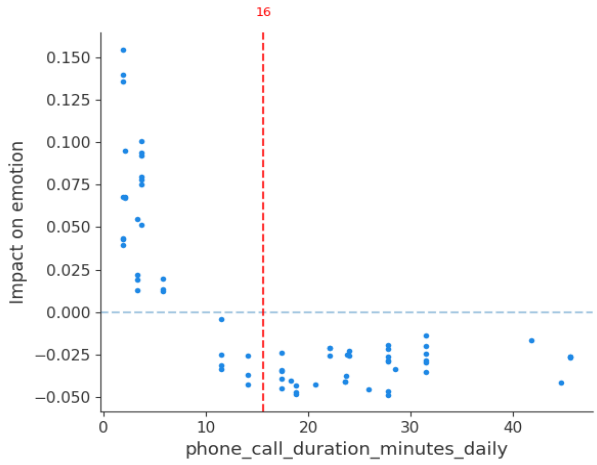

These are the top two actions associated with more happiness:

1. Less time you spent on phone calls in a day
2. Less average activity for you

Sadness

When you called for more than 16 minutes in a day, you were less sad.

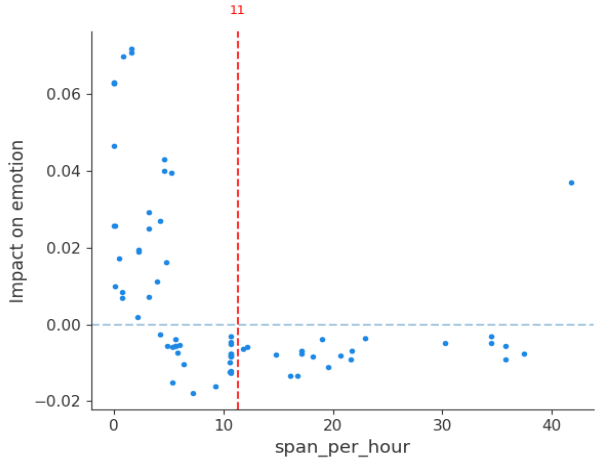

These are the top two actions associated with less sadness:

1. More time you spent on phone calls in a day
2. Less lower activity

Social

When you traveled large distances that were less than 11 miles , you were more social.

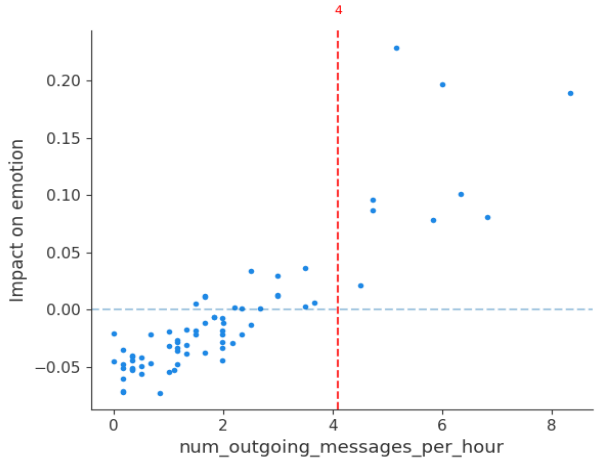

These are the top two actions associated with being more social:

1. Less large distances you traveled
2. Less area covered while you were traveling

Calm

When you sent less than 4 text messages , you were less calm.

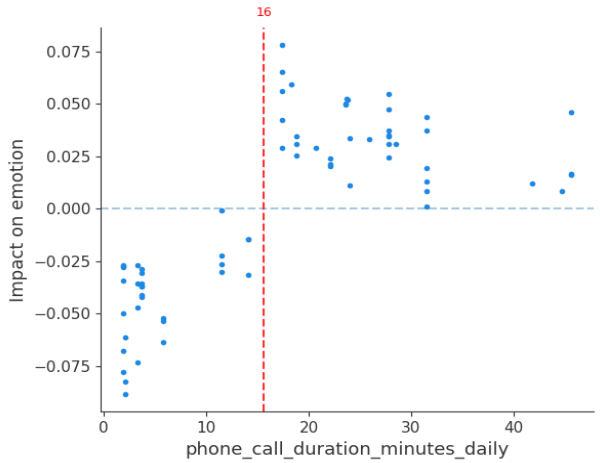

These are the top two actions associated with feeling less calm:

1. Less text messages you sent during a couple hours of phone usage
2. Less typical amount of light for you

Over the last few weeks..

Motivated

When you called for more than 16 minutes in a day, you were more motivated.

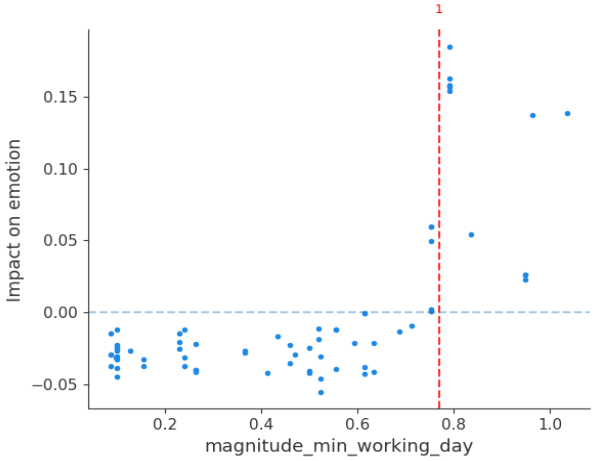

These are the top two actions associated with feeling more motivated:

1. More time you spent on phone calls in a day
2. Less typical activity you did during the daytime

Bored

When the lowest activity you did was similar to or less than mild activity (which includes walking and jogging) during the daytime, you were less bored.

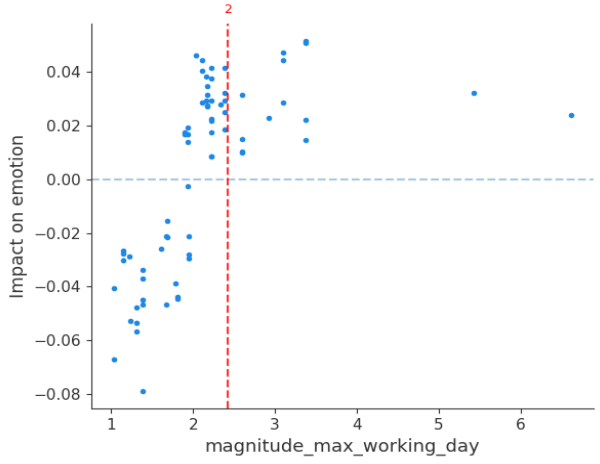

These are the top two actions associated with feeling less bored:

1. Less lower activity
2. Less screen wakes (includes checking the time, receiving notifications)
